Kingery Highway lane closures begin Sep. 27

CHICAGO – The Illinois Department of Transportation announced today that a culvert replacement project on Kingery Highway (Illinois 83) just north of Roosevelt Road (Illinois 38), in Oakbrook Terrace and Elmhurst, will require lane closures beginning, weather permitting, Monday, Sep. 27.

To complete the work, Kingery Highway will be reduced from three to two lanes in each direction near Roosevelt Road, along with lane widths reduced to 11 feet. The configuration is expected to remain in place until early November, when Kingery Highway returns to three lanes in each direction.

The project is anticipated to be completed in early December.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
